PROFILE SUMMARY

I am a highly motivated IT student pursuing a BSc. in CSIT, with a strong academic foundation in computer science. I have a proven track record of excelling in coursework and am passionate about technology and innovation. With excellent problem-solving and communication skills, I specialize in frontend development and am eager to apply my knowledge in real-world projects to contribute to impactful solutions in the tech industry.

PROJECTS AND EXPERIENCES

Bootcamps
- Completed bootcamps in UI/UX design and WordPress, enhancing skills in user experience, interface design, and building/managing WordPress websites.

Travel Management System
- Designed and build a user friendly web application using PHP, MySQL and JavaScript

Responsive News Website Using React.js
- A responsive React.js-based news website with category-based filtering, dynamic routing using React Router, and a top-loading progress bar for smooth user interaction.

CRUD Projects
- Developed some projects with basic CRUD operation using MERN stack showcasing skills in front-end and backend development.
